21 June 2024

Dear Parents/Guardian of Secondary 1 and 2 Students,

I look forward to seeing all our Clementeens back in school next Monday, 24 June 2024. Ahead of the new school term, I would like to provide important information on school activities and operations that may involve your child/ward. This will help you and your child/ward to plan ahead as they endeavor to start well and start right.

START WELL AND START RIGHT

1. Attire and Grooming

On the first day of school next Monday, all students will report punctually at the school hall before 7.35am **in full school uniform with school tie**. Students are reminded to report to school wearing the prescribed school attire as stated in the Student Handbook daily. Students should also be well-groomed to school expectations. The school tie must also be worn during Monday mornings when students gather in the assembly venues. With the school tie on, the collar of the shirt or blouse must be buttoned and the tie to be of waist length. Please refer to **Annex A** for detailed attire and grooming standards. **From Tuesday, 25 June onwards**, we will continue with the policy that has been implemented since Term 2, where students are allowed to wear half uniform due to the climate phenomena which are expected to bring warmer and drier conditions to Singapore from June to October 2024.

2. Adjustments to Semester 2 Timetable Timings

A new timetable for Semester 2 will be made available to all students before school reopening. Students can check for updates in their Level Google Classrooms from Saturday, 22 June 2024 onwards.

Students will be required to complete the lessons given to them in accordance to the lessons in their timetable on each day.

They are now scheduled for additional training to better prepare and enable them to make a positive impact on the school community as they plan and execute forthcoming events.

We have designated two days for these sessions, where the students will meet in their specific strands (Care, Outreach, Voice and Experience) to achieve the following objectives:

Through the activity, we hope that the students will engage in healthier living and at the same time, foster a deeper House identity and sense of belonging to the school. Parents/Guardians are cordially invited to join us. Please indicate your interest [here](#) by 27 June 2024.

8. Performing Arts Based Learning Journey for Secondary One (Monday, 8 July)

SAFETY, SECURITY & HEALTH MATTERS

11. Management of C+/Ag+ Students

As part of the endemic COVID-19 new norm, infection waves are inevitable. We need the cooperation from parents to assist us in preventing possible high infections in the school.

Do follow the below guidelines:

- **If your child is unwell:** seek medical attention and/or stay home to rest (regardless of ART result).
- **If your child is well:** return to school (regardless of ART result). If your child has mild symptoms or test Ag+ but has no symptoms, he/she should exercise social responsibility and minimise close physical contact with others in large group settings and wear a mask when in school or public places. If your child's COVID-19 condition is not getting better or has deteriorated, he/she should seek medical treatment.

12. Temperature Taking Exercise (Wednesday, 3 July 2024)

The school will be conducting a Temperature Taking Exercise on 3 July 2024. The Temperature Taking Exercise is conducted twice yearly and aims to:

- maintain schools' preparedness to re-activate the temperature-taking regime should the need arise; and
- educate students on personal responsibility for their own health and social responsibility.

Students with trigger temperature of 38°C and above will be brought out from their class to the Sickbay. Parents will be informed and are to have their child brought to the doctor.

We urged parents to ensure and remind your child to have their personal thermometer placed in the school bag at all times.

13. Update of Students Particulars

The school urged all parents to notify your child's CCAP by the end of Term 3 Week 1 if there is a change of your child's particulars such as:

- Contact information (including addresses, contact numbers and contact details of parents/legal guardian/caregiver)
- Commuter Status
- Health Declaration

14. Haze Situation affected by extended drier periods between June and October

Singapore could be affected by transboundary haze between June and October if there is prolonged dry weather leading to a rise in hot spots and smoke haze activities in the region. To prepare for the possible haze situation, parents should keep the school informed if your child has pre-existing lung or heart conditions, such as asthma. Do ensure that your child brings their medications (such as inhaler for asthma) and have these medications close to them. Parents should seek medical attention for your child if they are unwell. Parents should note the daily 24-hr air quality forecast issued by NEA during the haze period so that you may raise any specific concerns to the attention of your child's CCAP. You can find the 24-hr air quality on NEA's Haze Portal (<https://www.haze.gov.sg>) and 'myENV' mobile app.

The haze situation may vary across the different parts of Singapore which is reflected in the varying 24-hr PSI and 1-hr PM2.5 readings across the five regions tracked by NEA. Our school will monitor the haze situation closely and make localised decisions based on the situation in the area and adjust the level of outdoor activities accordingly.

15. Annual Health Screening Exercise (Monday, 8 July to Tuesday, 23 July 2024)

Health Promotion Board will be conducting the annual school health screening at our school for all Sec 1 & 2 students (Boys & Girls) from 8 July to 23 July 2024. During this visit, the following health screening will be done:

- All Sec 1 Students: Spinal Screening
- All Sec 2 Students: Spinal Screening, Hearing Screening, Height, Weight and BMI measurements

More information will be provided by HPB regarding the screening for your child.

16. HPV Vaccination (Tuesday, 2 July to Wednesday, 3 July 2024) [Girls Only]

Health Promotion Board will be conducting the HPV Vaccination for all Sec 1 & 2 (Girls Only) from 2 to 3 July 2024. HPV Vaccination is recommended on the National Childhood Immunisation Schedule (NCIS) and National Adult Immunisation Schedule (NAIS) for all females aged 9 – 26 in the prevention of cervical cancer.

17. Conclusion

In Term 3, our Clementeans will have much to look forward to, ranging from regular SDL days and National School Games for C Division (Lower Secondary) to special activities such as VeloCT, National Day and Teachers' Day celebrations. All these experiences add to the richness of school life, in addition to academic learning, and builds their bonds with peers, seniors and memories of school life. As my staff and I work towards nurturing your child/ward holistically in school, I seek your continued support and understanding to partner us in educating your child/ward. When we work together on both the school and home front in establishing learning routines, emphasising school values and appropriate behaviours, our students benefit the most. I thank you in advance.

Yours sincerely,

Mdm Rasidah Rahim
